PROJECTS

Portfolio : [\[omm20/Portfolio \(github.com\)\]](#)

- Developed a personal portfolio website utilizing HTML,CSS, and JavaScript.
- Designed an intuitive user interface with responsive layouts to showcase projects,skills, and experiences

Face Recognition Attendance System :[[omm20/InsightFace \(github.com\)](#)]

-Developed a student attendance system using Python, Streamlit for the UI, OpenCV for image processing, InsightFace API for face recognition, Buffalo SC for database management, and Scikit-learn metrics for performance evaluation. The system features an intuitive interface for attendance tracking and efficient image preprocessing. Leveraged state-of-the-art algorithms for accurate face recognition and robust database management for seamless data storage and retrieval, ensuring enhanced accuracy and reliability.
